And red tape gets a black eye while young officer is getting justice. The President has decided to send to the Senate the nomination of Second Lieut. Vernon W. Boller, 20th Inf., to be young infantry officers, whose promo-tion has been blocked for just a year.

When Lieut. Boller originally came up for promotion something in his record operated to prevent the Department from sending in the nomination. Meanwhile the names of 18 Second Lieutenants below him in his grade were sent to Senate for promotion. But Boller demanded a Court of Inquiry, and althat the officer was wrongfully denied promotion in the first place, so he will now be nominated as a First Lieutenant. While the court has been at work and the case has been under consideration 42 other Second Lieutenants have been held back from promotion, making the list of detentions just 60 in number, and all of these will now move up.

There was some desultory discussion of the conference report on the purefood bill, but its disposition was postponed.

Senator Tillman found opportunity to make his long-deferred speech on the ejection of Mrs. Minor Morris from the White House by direction of Assistant Secretary Barnes.

The last of the great appropriation bills—the general deficiency—was reported during the day, and was passed at the night session.

The House by a vote of 193 to 45 stood by its conferees and sent the meat-inspection amendment back to conference with instructions to stand
